Food pairings:

Serving temperature: 10-12 °C. “Tentation” is simply an invitation to enjoy a convivial moment of drinking pleasure. It will be appreciated as an aperitif, on its own, or with charcuterie or petit fours. Excellent paired with seafood (shellfish, crustaceans and fish) or enjoyed with the sunny southern dishes of its origins, which complement it with a harmony of sensations and flavours (sardines, sea bass, pasta with pesto, marinated peppers, chicken tagine).
